**Purpose:** Helping others through quality, professional web design and development work.

**Education:** University of Minnesota – Twin Cities May 2006 Graduate

**Bachelor of Science–Computer Science** GPA: 3.23

- Upper division emphasis on Artificial Intelligence.
- Art Minor focused on Interactive Art, Electronic Art, and Time Art.

**Introduction:** Some call me Ty, others Colin. In all things I practice truthfulness, compassion, and tolerance. I have worked with computer hardware and software since 1998 and have created art since I could use a pencil. Always devoted to helping others, in 2000 I organized and managed a community service project to build a gazebo at a local park, thus attaining the rank of Eagle Scout in the BSA. In 2005 I began working in web development, design and marketing. I currently freelance and maintain several maturing website campaigns, while seeking projects that can benefit from my skills and challenge me to learn.

**Work Experience:** October 2005–Present Self Internet
